

# Palos Verdes Man Who Aided Nazis Gets Six Years

William Arthur Schuler, 23-year-old Palos Verdes radio operator who recently pleaded guilty to charges of sending wireless messages intended for the enemy, yesterday was given a six-year prison term by Federal Judge Harry A. Holler.

Under the terms of the sentence, the California-born Nazophile will be confined to a mental institution to be designated by the attorney general.

Judge Holler intimated that he will recommend that Schuler serve a minimum sentence of two years "if he makes proper progress at the institution."

Schuler was arrested at his Palos Verdes residence last April after he had sent a fake message "planted" by the F. B. I. Schuler used facilities of a commercial wireless company which employed him to transmit the message.

# Torrance Air Raid Wardens Listed By Sectors

### 13 Districts Lack Defenders—Residents in those Areas and Others are Urged to Enroll Now for Training

In publishing the following official list of men and women who have completed their training as Air Raid Wardens and Messengers, The Herald has two purposes: (1) to give public recognition to those patriotic citizens who stand ready—day or night—to protect and defend their fellow residents and property; and (2) to let each resident know who is his or her Air Raid Warden. In connection with that second purpose, it may be pointed out that readers will see the words: "NO WARDENS ENROLLED" in 13 of the city's 39 sectors.

In a few of these sectors, located in the oil fields or farming areas, there are no residents. But there are others, such as the Hollywood Riviera district, which are in dire need of Air Raid Wardens. Jack Hallanger, chief warden, cannot go out and forcibly recruit home defenders for those sectors—he must depend on the public-spirit of the residents themselves.

If you live in a sector which has no Air Raid Warden or only one or two listed below, it is your duty to yourself and community to enroll at once with Hallanger at the city hall, take the training and stand ready to serve in any emergency!

# Local Soldier Writes USO Endorsement

"The U.S.G. is the best of the various soldier drives. We have a lot of books from them here—good books, too. Then, too, when in town I can always go to the U.S.G. chapter and get a bed or eat without money or questions."

That's what Private Philip M. Bassett wrote his mother, Mrs. Myrta A. Russell of 2183 Arlington ave. this week. He is attached to the finance training school at Fort Harrison, Ind., the only California in that camp. Philip and his brother, Richard G. Bassett, who is now stationed at Fort McClellan, Alabama, joined up together about six weeks ago in Los Angeles.

# Four from Townsend Club No. 2 at Parley

Two voting delegates, Mrs. Cora B. Hill, president, and Mrs. Angeline W. secretary, and two visiting delegates, Mr. and Mrs. Joe Le May, represented Torrance Townsend club No. 2 at the regular convention held in Long Beach last weekend. Townsend delegates from four states participated in the interesting sessions. The next gathering of the local club will be a council session to be held at the home of Mrs. Susie R. Pruitt, 1719 Gramercy ave., June 10.

C. At the Torrance club's annual "demotion" ceremonies July 2, Sherfey will succeed B. C. Buxton as president of Torrance Rotary.

# Railroad Picnic

Long Beach chapter, Retired Railroad Employees of America, invites all retired and active rail workers and their families to a basket lunch in Bixby park, Long Beach, June 11. An interesting program has been planned. Coffee will be available but guests are expected to bring their own sugar.

# Eastern Guests

Mr. and Mrs. A. C. Golden are entertaining her brother, W. H. Abbott, of Chicago, and a niece, Miss Doris Abbott, who arrived Monday from Gary, Neb.

# What item in this picture has not gone up in cost?

# Electricity

You may be pleasantly surprised to learn that one important item, electricity, is not contributing to the higher cost of living. In contrast to the higher prices of food and other household necessities, you pay less today than ever for the electricity that operates your refrigerator and makes your toast and coffee. In the past two years, in spite of the war, Edison electric rates have not gone up... but down.

# No More BEAUTYREST Mattresses WILL BE MADE... UNTIL THE WAR IS OVER!

"The world-wide reputation of Simmons Beautyrest as the most comfortable of all mattresses was won because of its unique construction—837 separately pocketed individual steel springs, and an INDEPENDENT coil action."

"But these 837 coils mean that twice as much steel is used in the Beautyrest as in the average inner-spring mattress."

"The Government needs all the steel it can possibly get—to make guns, tanks, planes, ships and shells. The result is a shortage of steel for civilian products. That's why, until the war is over, there will be no more Beautyrest mattresses manufactured."

# Alta Collins New Postmaster At Harbor City

Mrs. Alta Collins of 25012 Broadwell st., was notified this week by the Postoffice department of her appointment as acting Harbor City postmaster to succeed Thomas F. Gladwill who resigned. A Harbor City resident for more than 16 years, Mrs. Collins, wife of Theodore C. Collins, oil worker and World War I veteran, is a past president of the Harbor City American Legion Auxiliary. She took the examination for postmaster in 1934 when Mrs. Lena Preston was named, and again in 1940.

Mrs. Collins was a leader in the circulating of petitions which were signed by several hundred, demanding that the Lomita postoffice be forbidden to encroach further, and this week leaders of the Harbor City postoffice retention committee hailed her appointment as a victory for their cause.

Mrs. Collins will serve until an examination is called to select a permanent appointee.

Gladwill, named acting postmaster, Sept. 27, 1940, and appointed postmaster following a civil service examination, has announced plans to take an electrician's job in a defense plant. The postoffice is situated at the southeast corner of Sepulveda and 263rd sts., and the postmaster's salary is \$1300 a year.

P. O. STATUS TOPIC OF MEET FRIDAY

Following a conference by appointment with Inspector McLean of the postal department, members of the citizens committee for the retention of the postoffice at Harbor City are calling a meeting for Friday evening at which it is hoped every organization in the community will have representatives.

The plans discussed will be whether to seek a merger with a first class postoffice, such as Los Angeles, in which case the local office could seek to be independent after it reached a status of second class revenue, or \$10,000 net per year, or to seek building up the office as an independent office.

The proposition of considering seeking village or rural delivery out of the local office will also be discussed. If this could be obtained, patrons would get one delivery service per day until the postoffice reached a status where mail carrier-system could be established.

# Sherman Oaks Youth Wins R.O.T.C. Honor

Jack Singlaub of Sherman Oaks, only nephew of Mrs. Willis M. Brooks, of 1828 Portola ave., received the highest cadet honor from the R.O.T.C. unit recently at U.C.L.A., when he was appointed cadet colonel in command of 2,600 men. He has taken R.O.T.C. instruction for the past six years.
